Mission Statement: Auburn Career Center provides an innovative career and technical education that empowers all learners to excel in the emerging workplace and enrich their community.

Auburn Alumni Help Local Companies Achieve Success

Many companies have discovered through the years that by hiring Auburn students and interns they will have the best workforce available. Auburn students have the reputation of having the skills needed to be successful and help companies with their success as well. Auburn has an intern program that has become very popular, bringing great high school seniors into the workplace. Call Auburn to talk to the Business Partnership Department regarding having an intern @ 440-357-7542 Ext.8159 M. Rodewald.

Frank's Auto Body & Restoration

One such company, *Frank's Auto Body and Restoration, Inc.* has hired many Auburn graduates into his business throughout the years. Frank has seven employees from Auburn. David Pierce is interning.

Frank Latin, in 1993, after years of working for other body shops, realized his dream of operating his own auto repair business. Frank also enjoys "muscle cars" and has restored several. Frank's Auto is located at 7279 N Ridge Rd., Madison, Ohio 440-428-6259.

Alumni and Friends

Are you an Auburn Alumni? Do you know of graduates who may not have registered? Please help us find them. For over 50 years, Auburn has opened the doors for thousands of students through our career and technical programs. We are proud of our high school and adult education graduates and want to hear from our alumni. Let us know where you are now and what you are up to. As we hear from you, we will be developing a directory as well and bring our graduates together as part of the Auburn Alumni Association. Please register and tell your classmates also to go to our website www.auburncc.org and click on Alumni and Friends.

Business Partnerships

Thanks to all the business partners who worked with us this past year. Through these partnerships we were able to help students attain work experience through internships. If you have a desire to place a student in your company as an intern, or need more information, please call Auburn's Business Partnership office and ask for Michelle Rodewald at: 440-357-7542 Ext. 8159.

Auburn Alumni is Co-owner of S.A.M. Landscaping

Shawn Moore attended Auburn in 2000 under instructor Mr. Barski. Throughout high school, Shawn worked at his family company S.A.M. Landscaping, Inc. in Chardon, a company that he and his brothers (with the supervision and support of their parents) started in 1991 as a way to earn spending money. Shawn went from cutting grass on to complete his Associate of Arts degree in Landscape Construction at the Ohio State ATI.

Since graduating from ATI, Shawn has expanded his education by taking classes at Lakeland in welding and completing his certification as a landscape professional through National Association of Landscape Professionals. Shawn and his brother Steve have continued to build their business and diversify their portfolio. Their crews still cut grass, but you'll find Shawn crafting beautiful hardscape exteriors for their clients. Their offerings include landscape design, residential and commercial lawn maintenance, snow and ice management, irrigation, decks, patios, pergolas, and more. S.A.M. Landscaping is still a family business, but a multi-million dollar one now that employs 20 team members. Give Shawn and Steve a call at 440-286-7697 or visit at 12255 Ravenna Road, Chardon, OH 44024.
